[Verse 1]

Am Dm

Lately I've been thinking about us

G

Blowing smoke in the air

listening to Stevie

Am

Not enough uppers

Dm

too many downers

G

Got my mind taking dares

and sleeping ain't easy

[Pre-Chorus]

Am

'Cause it's been six months

Dm

since I last saw you

G

but I hope you're okay

Am

Can't believe you went

Dm

from mother to angel

G

in the space of a day

KYOKUNOKASHI

Can't help but wonder

[Chorus]

Am Dm
What does your life look like

Without me there?

G
Without me there?

Am Dm
Do I still cross your mind

Without me there?

G
Without me there?

Am
Is heaven all we thought it'd be?

Dm

Can you still hear my voice now?

G

Are you watching down on me?

When all I see is stars

Am Dm
What does your life look like

Without me there?

G
Wish you were here

[Verse 2]

Am Dm
Maybe I was too uptight

G

Remember when you would call

just to say that you love me?

Am Dm
Honestly everything's alright

G

It's just me and my thoughts

don't you worry 'bout a thing

KYOKUNOKASHI

[Pre-Chorus]

Am

And it might be late

Dm

wherever you're dreaming

G

to the playlist we made

Am

A bit of old school jazz

Dm

and our favorite Stevie

G

I know some things don't change

But I still wonder

[Chorus]

Am
